Westcoasta nostra. Underground debut. 12 MP3 Songs HIP HOP/RAP: West Coast Rap, HIP HOP/RAP: Hardcore Rap Details: Microphone Check Records..... ON 9-11 the bombing was taking place in New York, on 9-11 the album Petty Cash was mastered and completed. This is a fact that most listeners did not know about the album. So with the tragedy happening while his session was going on he decided to put a little history into his CD and made a tribute (sort of), so when you listen to the album you'll know what I mean. Well other than that fact the album is KRISIS underground release in the bay area. The whole album was produced by him. This an album to buy before it runs out. Too late Petty Cash The Debut has been released. You can still purchase both cd's if you haven't yet.
