Themes and soundtracks without the film. Yoo hoo. Mr. Director SIR.?. 18 MP3 Songs JAZZ: Smooth Jazz, EASY LISTENING: Mood Music Details: "All of the works on this record were at one time or other submitted as a demo for TV, film, or a production of some sort." In an age of an ever shortening attention span, an age of more "bells and whistles" Larry has upped the musical dialogue by presenting these small pieces, these small works that beckon for your attention, your involvement. Y'know - listening. Remember that? It seems the very act of listening to music could become an extinct artform - much like old movies whose merits were based mostly on the dialogue between the characters. A great jazz musician named Moussey Alexander wrote as part of a liner note on one of Larry's earlier albums - "I wish that when I die, the Lord will leave my ears open so I can listen to music forever." How many would make that kind of request nowadays? But fear not- Great music is infectious Timeless
