Both the music and lyrics of More Songs To Make Dogs Happy! have been tested and verified by dogs as translated by Dr. Ogden using a process similar to the process developed to create the first musical CD for dogs approved by dogs - Songs To Make Dogs Happy! The music and lyrics were composed based on the responses of individual dogs as well as focus groups of dogs conducted by Dr. Ogden over a period of several months. The input the Laurel Canyon Animal Company received since the release of Songs To Make Dogs Happy! from hundreds of dog lovers - and their dogs, was also taken into consideration when creating More Songs To Make Dogs Happy!
