Planit's latest album, 'The Whole Process Of Things' is a revolutionary album when it comes to Canadian hip-hop. The beats are by the dirty sample, and they live up to the name by being truly grimy. As always, Planit comes hard, with flows that are original. 17 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: Rap Details: Planit is the rapper that has been dubbed the Milt Stegall of hip hop by Epic, one of Canadian hip hop legends. Now, I don't know if Planit ran 1896 yards in 2002, but he definitely runs laps around sub-par rappers with every song he's on. Calgary's Planit, AKA The Sad Ape is a man who has been dedicated to the scene for more than a decade. Not being satisfied as a top-notch freestyler and lo-fi recording artist, Planit hooked up with the boys at Olive Hour Records and made his debut in 2004 with an album that sent shock-waves through the Western Canadian rap scene, the album was called Onword. After this successful release, Planit began putting his energy into the scene itself. He is now the co-owner of Calgary's original grass-roots hip hop clothing/record/CD/accessory store and he is adding to the foundations of a deep-rooted hip hop scene with concrete progress. Planit is a warm individual who puts his heart into everything he does, especially his music. 'The Whole Process Of Things' is sure to breach the prairie's boundaries and fill the world with the creative and original soul of the Sad Ape.
