

Mp3 The Broadway Boys - A Christmas Legacy

[DOWNLOAD HERE](#)

Traditional Christmas music the way you remember it - heartfelt, warm, with smooth vocals and great orchestration. You'll play it over and over. 12 MP3 Songs EASY LISTENING: Crooners/Vocals, KIDS/FAMILY: Children's Storytelling Details: Gary "Columbo" Triolo, vocals, and Robert Bratsch, keyboards. You'll enjoy this dynamic duo who've performed together for nearly twenty years, and thrilled many audiences with their warm and friendly approach to music. Vocalist Gary Triolo's stunning, smooth baritone voice brings new meaning and a heartfelt approach to both old standards and contemporary favorites. He grew up in New York's Hudson Valley and began performing at age 4; opened for celebrities like Bob Hope in the Far East during the Viet Nam War. Lead vocalist for the band "Legacy" for 18 years in Denver, Colorado Bob Bratsch is a keyboardist extraordinaire who brings out the best in music with his keen ear for coloring and rich, full chords. A Denver, Colorado native, Bob has honed his skills far beyond the most accomplished musicians. He began playing from early childhood, continuing through a stint in the Navy during Viet Nam. Keyboardist for the band "Legacy" for 18 years in Denver, Colorado.

Collaborating on this Christmas album, Gary and Bob, known as The Broadway Boys, kept the "Legacy" name in the title in honor of Bob's mother and the original band name. It was a labor of love from the start, as the two men worked together for so many years. Choosing the songs very carefully to bring out the warmth and flavor of this wonderful season, Gary and Bob hope everyone who hears the music will enjoy each one. So put on the album, listen, sing along if you like - and remember the Christmases of days past with the food, family, friends, gifts, and the love of someone very special. After all, it only comes once a year. All the best from Gary and Bob, The Broadway Boys.
