'This is PK' was written by a Yogi who has made remarkable breakthroughs in the realm of mind over matter (psi). The field of psi is now a massively growing area of scientific research all over the world. This has been the trend for the past century. "This is PK" concerns the specific connections between the practice of yoga and the development of real telekinesis/PK. It teaches readers about the true nature of PK, in light of the author's exciting breakthroughs; including his exciting discovery known as the 'Fridge Phenomenon' (F.P.). This amazing new discovery is exciting indeed, as it proves the existence of PK Mind Over Matter. The author maintains that everybody ought to know about the F.P. Discovery, as it exposes the stark truth regarding the mind's power! This is all critical to know, since PK is a valid phenomenon that can benefit Human Life. PK is at the center of all metaphysics, since it is that cosmic force we can tap into for directly affecting and controlling our matter and our lives. Now, that same force is right at your finger tips! 'This Is PK' is a metaphysical self-help handbook that explores the inside truth about developing PK, as a result of mystic-yoga practice. It guides you towards developing telekinesis fast and triggering psychic abilities, for controlling matter and changing karma using the chakras. This

eBook presents readers with a new theoretical framework for understanding PK, and how to apply this secret knowledge to life itself. This eBook is excellent as a tool for elevating the mind and consciousness to the highest spiritual levels. This work specifically highlights the connections between mainstream and transcendental (spiritual) science, in light of the most valuable scientific research in the field of psi! Incidentally, 'This Is PK' is excellent also for learning to apply the higher precepts of yoga and mysticism to our lives for fostering positive permanent change. Scientists around the world are enamored with the burgeoning science of psi because of the limitless possibilities it presents for revolutionizing Human Life and society, to change the whole course of human development, evolution and civilization! However, it does not take a rocket scientist to see that we all could use more energetic resources to fuel our lives. This explains why many scientists consider the latest PK breakthroughs as being even more powerful than the "discovery" of the New World by Christopher Columbus. The F.P. Discovery certainly qualifies as the kind of breakthrough that is comparable to the discovery of the New World. Imagine having that much power right at your fingertips and always under control to affect Your Life! Well, this manuscript gives you direct access to that very same and very real psi power that is your gift from the Universe and your birth-right to use. In fact, many scientists concur that if the existence of psi phenomenon was definitively proven, then it would change the whole course of human evolution.
