TimeOne is an accurate and easy to use tool that keeps track of time, and monitor how much time has elapsed or remaining for any given date and time. (in days, hours, minutes and even seconds) You can use it personally for example to know how much time elapsed since a special date (like birthdays or anniversaries, holiday, etc..) or how much time remaining for a special date or event. You can also use it professionally to time a task or an activity or to keep track of coming meetings and appointments. With TimeOne, you will have the ability to save unlimited number of dates and time, including yearly events. So whether it is in the past or the future, TimeOne will give you constant visibility on how far or close are you from dates and times of your choice.
