Marketing Lightweight: Meet The Bill Buster... "Steal My \$900/Week Super Niche and Discover the Marketing Tactics That Can Instantly Transform You From Affiliate Failure Into SUPER Affiliate... 100 Guaranteed!" If You've Never Had Any Success In The Past... This Is Especially For You! This is not another well crafted sales letter put together by a million dollar copywriter who has never even laid eyes on the content of this short and sweet report... Speaking of good copy that sells bad products... How many times have you bought an info product that you were sure would change your bank account balance... only to find out that it was another piece of you know what? I can tell you... it has happened to me many times before and will continue to happen after... but this, my friend, is something a little different... Who am I?? Well here's a brief summary of where I'm at and why you will benefit from what I say. In less than 12 months I have gone from failing affiliate to building a highly profitable online business. A business that has seen its best days grow from \$0 to over \$2,500. A business with multiple streams of income; each of which is producing what most consider full-time income. You see, I got into this business because I really wanted to achieve financial freedom but not at the cost of losing my personal freedom. I already had a job that did that. It was not by pure luck that I stumbled upon a niche that carried me from failing affiliate marketer to \$900/week less than a year ago. This put into motion a business that has

grown exponentially and out performed every goal set forth over the last 8 months. What separates myself from other marketers is I am willing to move into smaller markets and niches that other Big Time marketers may scoff, even laugh at. It is with this same mentality that Wal-Mart grew to become the largest retailer in the World. While Kmart and Roses were at the pinnacle of their successes it was Sam Walton who had enough foresight to move into smaller markets that were overlooked by other companies. The ending to this story is well known. In short I hope to both inspire you to trudge forward in your marketing efforts and give you a profitable niche in the process. I am a firm believer in following what has been successful for others and implementing the strategies with greater efficiency. I am offering you the opportunity to look inside what I am doing within this Niche and do the same. At the end of the day you should reflect on how you worked smarter and not harder Think BIG and you will be BIG... In A 'Smoke & Mirrors' Industry Full Of Bloated Promises, Weak Offers, Rehashed Crap, And A Whole Lotta Garbage... It's Getting Harder Than Ever to Distinguish the Good From Bad... Let's keep this short and sweet... My \$900/Week Super Niche Revealed Guide Includes: The Niche... Where the money is! How to Market It... What Products to Market and when... Conversion Secrets for Any Niche The ONLY place you ever want to get traffic from to Make Money. Business and Marketing Strategies that REALLY Work. Even more.... Before we go any futher... This Isn't For Everybody...and It May Not Be for You! What??.. I mean it!... this product may not be for you...regardless of your level of marketing experience. What I mean by that is... It won't just magically add money to your bank account simply by having this on your computer.... Of course, if you're willing to do a little bit of work... this is for you. And it's something that will change your life in a big way-- more money, more time, and more happiness. Marketing Lightweight: Meet The Bill Buster...
