Are you tired of paying for crappy advice from people who shouldn't be giving advice in the first place? Personally nothing frustrates me more than when I see a marketer whose signature says something to the effect of How You Can Make \$1000 monthly With Simple CPA Tactics. and I KNOW they aren't

successful CPA marketers. Look many marketers know me and have paid me healthy fees to consulting and advice. Many of these same people credit my coaching as a stepping stone to their success. The reason like all good marketers and coaches, I ONLY ever give advice from experience. I ONLY share proven strategies that work. And earlier this year, I had the very fortunate opportunity to become a best selling author. Not an ebook author but a real, physical paperback book. Despite dozens of strong opinions from friends, mentors and associates that I should publish only on Kindle and give my book away FREE only asking for shipping and handling. I rejected that advice. I wanted to have a best SELLER Not a best freebie And on April 20, 2012, my book Chronic Marketer launched and reached number 1 in multiple categories as well as hitting the TOP 40 OVERALL on Amazon. Having a published, physical book is a game changer. I literally have more opportunities than I can take on and finding my only real challenge these days is having to say no to some great ideas! So I speak from experience when I say. You CAN hack your way into the best seller list You CAN self publish a book and turn it into a massive success story You CAN take your business to a completely new level and never look back And now I want revisit my book launch experience with you.
