Bob has been writing songs and composing music in a variety of genres since the early seventies. Born and bred in London, u.k., Bob now lives near Brighton, East Sussex, and continues to write and record his own special brand of music in his own home studio. Bob Chambers is what you would call one of today's truly independent musicians. If you like good songs that appeal across the board (remember the 1970's when country music WAS "pop music"?) then there's a good chance that you will love Bob's music. There's more than a good chance that fans of Kris Kristofferson, Willie Nelson, The Eagles, The Tractors, The Oak Ridge Boys, Don Williams or Johnnie Cash, will appreciate what this music is all about, after all these are the great artists/songwriters and musicians who influenced Bob Chambers. On this album he gives you a collection of country songs that he has written over the years and recorded in his "Crows-nest Studio" at home in East Sussex, England. Bob says, "This is all me folks! I write the songs, sing all the vocals, play the guitar and all the other instruments. I produce, engineer, answer the phone design the album art, print the sleeves, burn the discs, and make the coffee!!..... No, they haven't been produced by Nashville's greatest producers, or played by the world's most virtuoso country musicians in the most technically advanced studios for a million dollars. You won't see this album advertised on T.V., or in your favourite music magazine. What I give you here is something that is different and original. Real honest music, played from the heart - enjoy!" "Shortcut to Nashville" is the second album in the Bob Chambers collection of country flavored songs to come out of Bob's own "Crowsnest Studio" in Seaford, East Sussex, U.K. This sturdy and robust album of songs features a well balanced mixture of beats and ballads, from the country

rock inspired "I'm Sorry" to the country blues groove of "One more time". All the songs on this album were written, recorded and produced by Bob Chambers, and involved many hours of hard work and dedication.. I'm sure that you will enjoy this album and treasure it as a fine example of a truly independent musician. Shortcut to Nashville - Track list. Why pretend that you're not in love with someone when it's pretty obvious? THIS HOUSE - When someone leaves home there remains a void and somehow it doesn't feel like home without them. SHORTCUT TO NASHVILLE - Did you ever think about the girl you left behind? This guy did, turned his truck around, and headed straight back to Nashville! SHE'S MINE - She has the patience of a saint - whilst he's out playing in a band, she's at home watching T.V. waiting for him to come home. LIFE AINT THEAT SIMPLE - Love is blind, love will conquer all, but is life really that simple? THE BIGGEST SIN - The best part of breaking up is when you're making up, but is it all about love or lust? THE BEST MISTAKE - All my friends said falling in love was just a big mistake but maybe that's the best mistake you can ever make. GIVE ME ONE MORE CHANCE - If you give your love one more chance it may work out, just add some romance. ONE MORE TIME - It's not the first time, but this time she's leaving and there's nothing you can do about it.
