The musicians backing her are a perfect compliment to her vocals and intimate lyrics." -Impact CD Reviews "She looks good and sounds good. In fact, so far, everything about her is cool." -De'Pressed Int'l fanzine "All in all I am very impressed with this album. I had even put it away with out a listen for quite awhile and, upon welcoming it back, realized the power of the jewel I had dug up. From the first to the last tune, Coadic and her crew make it known that if there is a band to make it out of Alaska on talent alone, this one would be it. If you're in the mood for a pop journey through the depths and heights of a Colleen Coadic writing extravaganza or just "scream" with consciousness, then this album may be the one for you.
