Rockin' Modern Country, with breathless drive and polished hooks, echoing some of the biggest names in the industry like Chris Cagle, Travis Tritt, and Tracy Byrd 10 MP3 Songs COUNTRY: Country Rock, COUNTRY: Modern Country Details: That's right! High energy is the only way to describe it. Country music entertainer, DeWayne Spaw has one of the highest energy country music shows most audiences will see for a long time to come. And hey, isn't that what audiences want; to be entertained? About seven years ago, DeWayne started performing at rodeos in Tennessee and Kentucky. His idea went over so well with those audiences, that he decided to take the show on the road and go national on the fair and pro rodeo circuit. Traveling from Nebraska to as far East as New York, he had over ninety performances in twelve states last year, performing concerts thirty minutes prior to professional rodeos, demo derbys, tractor pulls and full stage concerts at fairs and festivals all over the country. "My favorite part of the show," says DeWayne, "is being able to go into the crowd, shake their hands, and sing directly to them. It really gets the audience involved and makes the performance more personal. Wireless mics and monitors make that possible and give me the freedom to go anywhere I want during the performance, which is most often in the crowd." Spaw is a seasoned performer in the country music and entertainment business. He has lived in Nashville, Tennessee for the past twelve years and has released seven albums during that time. He has also filmed three music videos, including Preservation Of The Wild Life that aired on CMT and TNN a few years back, and has shared performances with a number of country headliners including Chris Cagle, Chad Brock, Terri Clark, Tracy Lawrence and Diamond Rio. In addition to his performances, DeWayne has created and founded a drug prevention program, Cowboy Promise, based on the song No Place To Turn Around from his album of the same title. He talks directly to the kids in the audience and asks them to "Make a Cowboy Promise, Don't Use Drugs." Most recently, he has taken a

version of his Cowboy Promise program into a number of schools all over the United States. DeWayne Spaw has the energy and the talent to entertain any audience!
