

Mp3 Gore-tek - Sick Machine

[DOWNLOAD HERE](#)

infected ambient industrial music for the deadened of mind 13 MP3 Songs ELECTRONIC: Industrial, ELECTRONIC: Ambient Details: this is because there never was a choice. gore-tek dug under the skin sometime in the year 1999 finding it's way to the surface six years later it manifested in the medium, a sickness greater than love a love grew for the sickness fast it spread alive or dead insane or finding a way scripted vibration love for the corpses left behind love for the corpses lost in time love for torments freed from mind omitted from these renderings is how they became omitted from these renderings is the pestilence of greed omitted from these renderings is what they become omitted from these renderings is the ideal of comprehension we built the machine to be instructed built to operate under our control dead without the scripters of code cold without the energy flow the machines were connected in times of war we linked the machines to spill more blood undermining unity with accelerating efficiency obscuring the inevitable awakening when flesh and metal bond when flesh and metal breathe where flesh and metal act together as one return to this place remember the installation performed today remember the lies that made you run away remember we are never going to be the same
