Solo piano music straight from the soul. The peaceful melodies bring happiness and harmony to the most hectic of days. This third CD shows remarkable progression and noticeable growth. 15 MP3 Songs NEW AGE: New Age, CLASSICAL: Contemporary Details: Hello! Music is one of the best ways for the world to gain the much needed peace and love to transcend the many problems and struggles. My purpose in writing music is to bring more peace to my listeners and consequently more peace to the world. I find my music to grab a hold of people's interest because of its simplicity and relaxing nature. Most people that contact me after listening to my CDs tell me about its tranquil and peaceful characteristics. I created this first album as a senior. With the help of a Grammy nominated recording engineer, Dewight Oyer, I recorded this album and had it produced in less than a month's time. Progressions Through Time has 15 original compositions and one rendition of the timeless song, Pachelbel's Canon. My second album, Elation, was released in 2005. I am most excited about this album, Leaving The Vertical World, as many people are calling it my best work. The style, passion, and creativity in this album surpasses that in the previous two albums. Music is not a job or a task for me; music is a sincere passion. My music is much like a healing power for many of the common, daily let-downs that life seems to throw our ways. Music is one of the greatest things in this world we live in and is meant to be shared and appreciated.
