This is the newest and most exciting Luciano album. The songs are very inspirational and entertaining, promoting love peace and unity. 16 MP3 Songs WORLD: Reggae, URBAN/R&B: Contemporary urban Details: Reggae is music and much more, it's a rhythm set to a poor man's cry, as what Bob Marley say "when music hit you, you feel no pain". Ever since the passing of reggae super star Bob Marley, crown prince of reggae Dennis Brown and Garnet Silk. The reggae industry has been searching for a next conscious singer. The waiting was over when Luciano came with his prayerful 95 hit "IT'S ME AGAIN JAH". A 30 year old upholsterer from the parish Manchester in Jamaica, West Indies became reggae's anointed one. Born Jephther McClymont and renamed Luciano for his luxuriant, near operatic vocal gifts. His new album Now And Forever, offers 16 solid tracks of buoyant inspiration that builds on his previous best selling CDs, 95's Life, 97's The Messenjah, and 99's Sweep Over My Soul. Luciano has been searching for a grammy winning album, the searching is over. His fans have dubbed this album as his grammy winning album. The title track Now and Forever is a love song that Luciano has dedicated to all the Empresses who have stood by their men throughout difficult times. I recommend that every one purchase a copy of this amazing and inspirational album because I guarantee you'll find some comfort in it.
