Hello and allow me to introduce myself. I am Oliver and I have found that the mind has evolved beyond the need of a normal life. You see...the human mind craves things such as adventure, excitement, thrill, fear, creation and sometimes romance. Whatever your mind may long for it is all part of nature and it is not out of the ordinary. It is time to allow your mind to evolve beyond the need for a normal life. Are you ready to step out that door? "All that you touch You change and all that you change changes you." O. Butler World Peace!
