Details: An entirely new species of musical exploration emerges in Stephen Jays Physical Answer. Spacious, crystal clear parts grow into surprising arrangements in an organic universe of co-catalytic, self creation. Oblivious to stylistic convention, this musical wilderness forms the perfect habitat for Jays emergent, abstract lyrics. Here the listener is actively involved in the creation of meaning, as poetic ambiguity balances with spontaneous intent within an audio environment that tells the story. Music with a mind of its own, different every time. Fun, strange, cool grooves, brilliant playing, mesmerizing. Spare and open in production, Physical Answer begs the most intangible of questions. Stephen Jay is a composer, bassist, vocalist, and multi-instrumentalist who explores common ground between world music and jazz/funk. His original music is bass-driven, innovative, exotic funk, blending world influenced polyrhythmic grooves with elements of Jazz, Rock, Roots, and Classical. His combinations of ethnic and modern instruments and styles result in unique, richly textured musical images.
