Digital machine funk of the highest order, laying waste to the dance floor and your preconceptions. 13 MP3 Songs ELECTRONIC: Breakbeat/Breaks, ELECTRONIC: IDM Details: Teleute, a man of such misanthropic intent that only machines can stand to be with him in the studio. Armed to the teeth with cutting edge technology in bass he pounded the breaks clubs of the south-coast with live sets of such intensity that those of nervous dispositions were asked to overt their ears. Then one night mysteriously he vanished deep underground to a secret location from where only now has he resurfaced to unleash his debut album on the world. The Kids Are All Wrong see him working with vocalists for the first time, both the nonsensical Bishop Of Antioch and south-coast hip hop legend Buzz (Digitek) lend their skills to awesome effect. The result is an album that shreds all conceptions of breaks and bass and nails them back together again in the wrong order.
