Punk/Pop Rock 6 MP3 Songs POP: Power Pop, ROCK: Hard Rock Details: Vagabonds of the rock city, the walk ons go to bed with a different genre every night, sneak out in the morning and spill their guts about it on stage. Punk, alt, prog, classic... all just notches on the bedpost. Over the last two years learned audiences have gravitated to clubs across New York City to witness the quixotic rise of this homegrown quartet. Listeners are rewarded with the satisfaction of hearing honest and powerful music that toes the line against die-cast pop. Ears ring with six-string rebellion while souls resonate to the subtle pop archetypes loomed into the sonic denim that shrouds every sweaty body in the room: these are The Walk Ons. The Walk Ons have played venues in Manhattan and Brooklyn, including appearances at CBGB, Mercury Lounge, Continental, Trash, Crash Mansion, and Siberia. Krikor Daglian (guitar/vocals) Phil Wedo (bass/backing vocals) Alex Still (drums/backing vocals)
