

# Wp Easy Optin Plugin

[DOWNLOAD HERE](#)

If you look around you will find some squeeze page templates You can get hold of a good quality product to give away to build your list without that much trouble. Then You can spend some time putting together a nice little OTO to offer your subscribers.. No reason not to try and monetize the sign up process If You have time you could add a few affiliate banners to the pages. Just to top up the overall profit potential If youre new to online marketing this could take you a few weeks. Even if you have been around a time this basic funnel could still tie you up for the best part of a day easy. You could use an outsource to do the work.. I do this type of work all day at around \$200 a time, its nice easy money for me! Or you could buy wpeasyoptin now. Install it in around three minutes and you got your funnel up and running. WpEasyOptin will give you the url's you'll need to go to your Autoresponder and set up a campaign. Build your list Make Affiliate Sales Build your Sales funnel
