

# Magical Realism In West African Fiction - Brenda Cooper

[DOWNLOAD HERE](#)

This study contextualizes magical realism within current debates and theories of postcoloniality and examines the fiction of three of its West African pioneers: Syl Cheney-Coker of Sierra Leone, Ben Okri of Nigeria and Kojo Laing of Ghana. Brenda Cooper explores the distinct elements of the genre in a West African context, and in relation to: \* a range of global expressions of magical realism, from the work of Gabriel Garcia Marquez to that of Salman Rushdie \* wider contemporary trends in African writing, with particular attention to how the realism of authors such as Chinua Achebe and Wole Soyinka has been connected with nationalist agendas. This is a fascinating and important work for all those working on African literature, magical realism, or postcoloniality.
