

# Making Perfume: The Kickstart Guide To Making Your Own Perfume

[DOWNLOAD HERE](#)

Any perfume you buy or make yourself is a chemical compound made from fragrant oils, aroma blends, fixatives and solvents, which produce a pleasant or attractive smell. Primarily women use perfume in order to smell nice if they are attending a special event, or to help attract a mate. In this book, we will be looking at ways of how to make your own perfume so that you can produce a scent which is particular to you, and unlike any of those that you can buy either in store or over the internet.
