Forget enjoying Bach's pieces only on violin or keyboard, this CD is all guitar. Masi performs the majority of the 15 pieces on Manne Semiacoustica guitars (acoustic), but four of the pieces feature Masi blazing through prestos, toccatas and fugues on Rostrum electric guitars. One selection, "Presto From Violin Sonata #1 in G Minor BWV 1001" is an all electric guitar solo piece which Masi gives the metal edge to with an overdriven sound. Bach's unforgettable "Toccatà And Fugue In D Minor BWV 565" is rendered with both electric and acoustic guitars, and Masi conveys the power and brilliance of the piece with his arrangement. No bass, no drums -- In The Name Of Bach is Masi's all guitar tribute to these masterworks. People who are interested in should consider this download.
