Contemporary gospel with a traditional message 12 MP3 Songs GOSPEL: Contemporary Gospel, EASY LISTENING: Mood Music Details: This CD contains just a few selection of songs that I've written and we have have also performed most of them at various church musicals through out the state of Mississippi for years, most of them were composed in my little home studio in Jackson,MS. I have always had a strong passion for creating original music. My band, Nu Generation, does a very good job at duplicating what I create. In short, I'd like to call my music jazzy, funky, and soulful. My desire is to create gospel music that doesn't sound "churchy." There's nothing wrong with church music but I've been a church musician for over 20 years and I just don't care to sound like everybody else. I've got to be different because The Lord gave each and every one of us our own way to do it, so I'm just happy to be able to play and sing it the way God gave it to me. Enough about myself you know just about anybody can write and compose a song but it takes the blending of many different skills and talents of others to really bring out the best in a song, so I would like to take the time right now to thank The Lord for the time and effort of the band all the singers and Pastors and Elders that support us and radio stations that play us on their programs and most of all we thank God himself for every door that he opens for us no matter how big or small, THE GOSPEL TRUTH I know this music sounds funky yes indeed But unto the words I want you to give heed This may not sound like your typical gospel song But if you listen you'll know where I'm coming from When I think of the goodness of Jesus and all that The Lord has done for me My soul cries out hallelujah I've got to thank him for saving me Amazing grace how sweet the sound That saved a poor wretch like me I once was lost but now I'm found You know I was blind but now I see Chorus And that is nothing but the gospel truth (Repeat x 4) They may not play me on a major gospel station But I'm still gonna praise him with a great celebration May never get picked up by a major gospel lable But still I know

that God is able VAMP I'm gonna praise him I'm gonna praise The Lord I'm gonna praise him with my whole heart (Repeat x 4)(Repeat song) Copyright 2006 All Rights Reserved to Lahmon's Music HE WAS THERE ALL THE TIME I made a few bad choices in my life And as a result of them Things didn't always turn out right Even when I did wrong The Lord never left me alone He was standing right there saying child come on back home CHORUS He was there all the time Jesus was there all the time Jesus was there all the time Jesus was there all the time (Repeat song) JESUS SAVES I've heard the joyful sound that Jesus saves And I'm gonna spread that new all around that Jesus saves (Repeat x 1) CHORUS To the utmost Jesus saves (Repeat x 4) VAMP Hallelujah Jesus saves ,,,
