

MP3 Beats Working - Putting It About

[DOWNLOAD HERE](#)

Guitar/acoustic guitar/keyboard/piano song based rock with that unique blend that is Beats Working. 15 MP3 Songs ROCK: Classic Rock, ROCK: Progressive Rock Details: Released on Swamp Records in 1992 "Putting It About" was the band's second album release after their debut album in 1987 "Life on a Wire". This is classic early Beats Working with well crafted songs that look back from the eighties into the nineties. Rock with a pop edge, rockers, ballads and all sorts - put together after several years of gigging.. this studio epic was penned as a result of drummer Chris Glover breaking his ankle! LATEST NEWS BEATS WORKING are currently still working in the studio on their new album "Perspection" scheduled for release on Swamp Records. Up to date details of the band are available from beatsworking.tv. Fans of the band are welcome to make contact with them via website email addresses. We hope you enjoy visiting us and most of all our music..... March 2005 - Single "Outside My Window" released to Internet Radio.
