

Mp3 Con-10-derz Of The Faith - The Fight

[DOWNLOAD HERE](#)

Down south, sanctified, hip hop music, with the Truth displayed thru cutting edge lyrics layed over bangin' tracks. 17 MP3 Songs HIP HOP/RAP: Southern Style, GOSPEL: Contemporary Gospel Details: The mission has been issued and the call has been accepted to break down the walls of negativity that separate the traditional church view of Christian rap music being of the devil; to turn a generation of youth from being influenced by secular rap music to positive, inspiring rap music that changes lives; to maintain the responsibility to give back to their community and wherever they may go in ministry; and to join forces with other groups and organizations who have a heart for our youth to make a lasting impact in their world and to take back rap/hip hop music. Introducing Con-10-derz of the Faith: Jonathan and Chris have been through many things at such a young age, that they can really relate to the young people in this day. They are sent as remnant believers in Christ to challenge and raise the standard of the youth of today. Both born and raised in the DFW Metroplex, Jonathan and Chris have powerful testimonies not just for pre-salvation, but also since being saved. They understand what its like to live on and run the streets at a young age. Theyve been through the feeling of not being loved by family and turning to gangs, drugs, sex, and other traps of the enemy, to try and fill the voids in their life. They know what its like to go through the emotional pains of both verbal and physical abuse from trusted, close family members. They can relate to peer pressure and wanting to be accepted. Theyve been through unfaithful relationships with the opposite sex. They understand the pressures of being young, single, facing the temptations of sex, but living a saved life. They know how enjoying secular rap music can have a negative effect on young peoples mindset and demeanor. But they also know that Jesus Christ changes peoples lives and through Him we have life and to the abundance. Jonathan and Chris are no strangers to the rap game either. Both had their aspirations of being big time, flashy rappers starting underground, but God changed their

mission, when they accepted His will. They both began doing rap music for God around the same time about 5 years ago and their paths crossed when they became members of the group, F.A.M.I.L.Y. As a group they brought their ministry to the churches, the streets, prisons, etc. They also took part in a hip-hop play entitled The Choice Is Yours. As a group they had the opportunity to perform at the Bronco Bowl in Dallas, two times at The Potters House, Gatesville Prison to over 500 inmates and on the Daystar Network. They also had an appearance on local TV station channel 8, as well as becoming the first gospel rap group to break through mainstream radio on DFWs #1 station K104 in 10 years. After members of the F.A.M.I.L.Y. fell upon some trying times, the decision was made to disassemble the group. In the summer of 2003, Jonathan and Chris knew the gift God had given them was being stirred to action and could not be left dormant. They sought Gods guidance and formed the group, Con-10-derz of the Faith. They write, arrange, and produce all their songs. They are also looking to help others with the gift to rap to reach young people, as they believe this is what God has called them to do. As you can see Con-10-Derz of the Faith have really been through some trying moments in their life that have empowered them to reach not just the youth, but the world with the refining, tried, and true message of the Gospel of Jesus Christ through rap music. They are both ministers in their church, New Jerusalem Tabernacle of Worship, where they work with the young people and the singles. They are also accountable to their Senior Pastor, Bishop R.L. Young. They are committed to doing Gods work and serving His people. Con-10-derz of the Faith will not stop lifting up the Blood-stained banner of Jesus Christ. Theyre striving against all odds to fight the good fight of faith.
