Gonzo is more than just a bird-like Muppet character on Sesame Street. Ive borrowed the term to describe the solo, piano music Ive been making recently and have been using it to promote and expose it (the music, that is) online, in the press, on lavatory stall walls and wherever else I am able. Ive been fortunate enough to be named BALTIMORE'S BEST LOUNGE PIANIST 2005 by Baltimore Magazine. Ive also appeared at some local Baltimore venues including the 13th Floor Lounge-The Belvedere, The Kiss Caf and Gardels Supper Club as well as some local and closed circuit television and several internet radio stations.
