Newest album release from the girl who majored in jazz bass, then ran off to Dublin to have a good listen.

6 MP3 Songs FOLK: Irish Contemporary, FOLK: Irish Traditional Show all album songs: Over The Ocean

Songs Details: Although trained as a jazz bassist in her native New York area, Kaye began performing Irish traditional music while living in Dublin. Her driving bass playing gives the music an energy reminiscent of swing while her smooth vocals of pure tone and sparing vibrato form an original style that seamlessly melds elements of these two greatly contrasting genres to form a musical entity that is as natural as it is profound.
