Contemporary Gospel Music created for those who desire, to create a new, and Spiritual Beginnings in their lives. Inspirational, Uplifting, Repenting, and Representing, God 9 MP3 Songs GOSPEL: Contemporary Gospel Details: Theodore Chestnutt is the CEO, and first artist produced by his independent production company NTAC (New Testimonies Are Created). This production company is based on contemporary gospel music where new testimonies are created. Spiritually Theodore began forming NTAC Productions when he was a seed in his mother's womb. Brother Chestnutt firmly believes that only God knows the path of your life and thus orders your steps. In his early christian experience Theodore, went through many trials and tribulations. At one point and time in his life, he was making flesh-weakening decisions while singing in the church choir and attempting to lift the Lord's name higher and higher. Deep in his heart, Theodore knew that the Lord was not pleased and that he was not living righteously. He decided it was time to straighten up and replenish his soul. He recognized that in order for him to sing the Lord praises he had to give the Lord control of his heart, mind body and soul. Theodore's musical background experience includes singing in the church choir, and with various small ensembles. Among his credits is an appearance as a background vocalist for David Peaston in concert and his participation in workshops with world known gospel composers and songwriters such as V. Michael McKay and Daniel Cason. In addition to his renewed commitment to serving the Lord and singing his praises, Brother Chestnutt has teamed up with fellow songwriter Minister Tony Kelly of Klean Heart Productions. Together along with vocalist Kameelah Majied and Anthony Darby, they have produced a contemporary Gospel CD titled "Spiritual Beginning". This project is a compilation of songs that speak of thankfulness, conviction, inspiration, and most of all giving our Lord and savior Jesus Christ the Glory. Theodore, knows that there are times when we fall short, when it comes to giving God the glory, and

that's why he let's us create new beginnings, Spiritual Beginnings. If you are one who desires to create a spiritual beginning in your life, this CD was created for YOU. God Bless You
