TISH MCFADDEN What underlies everything Tish does is a love of music, a love of children and a love of the outdoors. As a childrens music educator, many ideas for her music programs originate from her experiences writing and recording three CDs of original childrens songs for her music company, Rum Tum Music Co., from years performing family concerts, teaching private music students, and her many years working as a music specialist in Ashland elementary schools. She lives in Ashland, Oregon where she devotes her life to writing music, teaching, and caring for her family. In 1988, Tish created RUM TUM

MUSIC COMPANY: a thriving business which manages to combine her two passions: children and music! Her private music school in Ashland, Oregon offers classes in piano, guitar, flute and choir. She also writes, performs and records her music designed to entertain family audiences; adults and kids equally relate to her universal themes and singable melodies. Wonderful, charming, high quality music lyrics. Kids Matter Inc. Teachers love the recordings multi-cultural sound. Todd Barton, Music Director and Resident Composer Oregon Shakespeare Festival Rum Tum Music uniquely expresses the essence of childhood with an exciting assortment of original songs and sounds that span a variety of musical styles. Freya Horn, editor Jefferson Public Radio Guide to the Arts Tish McFadden, founder of Rum Tum Music Co., believes in a style of song writing which is accessible to all ages. As a lyricist, she explores universal, cross-cultural themes, positive self-imagery and fond reminiscences of early childhood each with, she aspires, an honest simplicity. The melodies I compose in support of these lyrics stem from a variety of musical styles yet have in common the important quality of being easily remembered. My songwriting flourished professionally in 1988 when I launched Rum Tum Music Company in Ashland, Oregon the vehicle which continues to drive my artistic endeavors. Artistically, my mission for Rum Tum Music is to create a portfolio of songs which touch upon humanity's common ground. TISH McFADDEN Note: Tish McFadden is Tish Steinfeld. Name change in 2000.
