Dear Reader, Unless you are a bit different than most people, you probably never entertained the idea of raising goats for any reason. However, now that you are here, indulge us for a moment or two. You might be surprised to learn that as of January 1st of 2011 there are more than 3 million goats being raised in the

United States alone. The reasons given for keeping goats are as varied as the people who own them. Many families raise goats as pets. Pygmy goats top the list for the most fun for a family with young children. Raising goats as pets is by no means the primary reason why people own them. Goat milk, cheese, meat and as pack animals round out a few of the other reasons why people raise goats. If you are considering a goat for any reason, consider the following: 1. Why do you want to keep goats? 2. Where do you find a goat to buy? 3. What facilities should you have in place ahead of time? Well, you can find the answers to those questions and many more and do it much easier than you may think. Okay, since you are still reading this it's a pretty good bet that you may have more than a passing interest in goats.
