Details: In a time when good music is desired by the masses, here is a sound that will make your day! He is born and raised in Northern California and his musical roots start in the church, so you feel the music as well as hear the sounds. His catchy hooks and melodic tunes reintroduce you to a day when music spoke to your heart and made you cherish the love that you have. He is able to woo his audiences with his prominent stage presence and the hard hitting sound of neo-soul Gospel and R&B. Far from your average vocalist, he treats the tenor range like a World-class golf course, and seems to shoot a hole-in-one every time. Amos Carter is a family man, and the love for his family as well as those that love him, comes through in his expression of song. He has won many awards and titles in his musical career and has been in the presence of musical greats such as Stevie Wonder, Reebie Jackson, and The Temptations; as well as Bay Area greats such as M.C. Hammer and Too Short, and has also written for The Good Girls, Gospel greats Rance Allen, Norman Hutchins, Timothy Wright Kirk Franklin...Just to name a few. Amos has traveled extensively throughout the U.S., singing and playing for many groups. He is a talented musician who can play the drums, Bass guitar, piano, and the organ. His smooth vocal approach is reminiscent of Nat King Cole and Donnie Hathaway, but don't take our word for it you make the call. His Christmas Album the title track Very Merry Christmas is an instant classic, and one that will make you want to cuddle up to the fire and have a glass of eggnog and drift into the bliss of the season.
