

Mp3 Big Fat Hen - Polyphase

[DOWNLOAD HERE](#)

Fusions, cross-overs, and combinations of genres, from hard to soft rock, with a touch of latin flavor; one of the tastiest stews of funk rock, brewed in reggae, punk and ska, to come around in a long time. 14 MP3 Songs ROCK: Funk Rock, ROCK: Modern Rock Details: polyphase is the fifth cd produced by jason berger, in conjunction with members of big fat hen, which he founded in 1997, at age 17. it is evidence of his constant efforts to improve the quality of his music. polyphase is the evolution of jason's reggae/punk/ska roots, to his jazzy-funk/alternative-rock with touches of metal and latin flavor. it is a compilation of life experiences manifested through a variety of genres in a collage of sweet and rhythmic music expressed in rock, sometimes hard and sometimes soft. In December of 2003 after the release of this CD Jason changes the group's name to "Polyphase". The band has evolved tremendously over the last eight years, and their music is much more complex with fusion crossing many genres; consequently, with the maturing of the music comes the evolution of the name. Polyphase already has 2 CD's which you can hear or purchase "Atrophy" produced in 2004, and "Incision" their latest production released in September of 2005. For more info go to: polyphase.net
