BluesRoot songs are a unique Americana blend of delta blues, rockabilly, and '50's rock and roll influences. 10 MP3 Songs BLUES: Delta Style, ROCK: Americana Details: BluesRoot songs are a unique blend of delta blues, rockabilly, and '50's rock and roll influences. Described as "Americana blues/rock", the ten songs on "Live. Real. In the moment." grab you where you live...the way you live...and how you'd like to live. Full of satire, double meanings, and real life insight, they are emotion filled musical journeys that make you smile, laugh and cry. They tease you with hints of Elvis, Carl Perkins, Chuck Berry, Little Richard, Muddy Waters and other '50's greats. They deliver a unique musical treat for the soul. All the songs were written by '60's music veteran, John D. Moore. He sings, plays acoustic/electric and slide guitar, and adds blues influenced harmonica too. Art Borgeson, another lifelong musician, brings a mellow, uptown, Nashville sounding lead guitar to the duo...coloring each song off of "Live. Real. In the moment." with just the right touch of mood enhancing feel. The CD was recorded live and real...just the way it is supposed to be. No year long studio gimmicks here. Just good songs, played in the moment, by two guys who enjoy them. Refreshing. Enjoy.
