The ultimate gospel rap crusade album to win the lost and edify the saints. 16 MP3 Songs HIP HOP/RAP: Spiritual Rap Details: PRIZM-BIO Young, Saved, and Dangerous! That's the only way to describe Prizm, a.k.a. Ron Williams, the "Christed-out" rap artist from the city of Baton Rouge. His rap interest originated in his early years as a youth, and growing up in the inner city, he found rap music to be his way of escape. After spending time running the streets and running from the call of God, Prizm finally surrendered. At the age of 22 he was delivered from the grips of gangster rap music and started a new mission for the King. He spent years being purged out, pruned up, and renewed by the word of God. During this process, God placed song after song within his heart with a message that would influence anyone to live for God. After undergoing spiritual boot camp under the leadership of Pastor Andre T. Greenup, Prizm received his license as a minister and an uncompromising commitment to Jesus Christ. Prizm has a passion to win the lost and preach the cross and literally thousands of lives have been impacted by his ministry. Operating as a husband, father, little league coach, preacher, gospel rapper and motivational speaker anyone can clearly see the many beautiful colors coming forth from the life of Prizm. (Disciple Of Christ) has been often referred to as the "Christian Dr. Dre." With D.O.C. being a skillful rapper, producer and engineer the comparisons rightfully fits him. D.O.C. started his journey into the world of music back in 1985 on his high school campus. After rocking pep-rallies and talent shows, D.O.C. soon discovered his hidden passion for music. With this newly discovered passion, D.O.C. opened up a home studio and began recording for many local groups. His name quickly started spreading through the rap community and artists abroad, even those signed with prominent labels like No Limit,

began to seek D.O.C. for production services. D.O.C. had a full-blown production studio, plenty money and lots of respect but found himself at a crossroad. After recognizing the spiritual effects of gangster rap and wrestling the conviction of the Holy Spirit, D.O.C. chose to leave the music and serve Jesus Christ wholeheartedly. That decision proved to be one of the best decisions D.O.C. has ever made because God has given D.O.C. the very thing he was willing to give up. With his new commitment to God, D.O.C now has a music MINISTRY that is shaking up the world. His purpose and plan is to produce music that will exalt Jesus and then liberate the children of God. D.O.C. is part owner of G-Force Records, producer, rapper and engineer, but most of all he would like to be known as a... Disciple Of Christ!!!! E-mail me at doc@gforcerecords.com
