These are ballads that talk about the Azores Islands, as well as the people and the culture. 11 MP3 Songs FOLK: Modern Folk, LATIN: General Details: English: The Island The Island is this bitter and sweet longing song to embargo the voice that already hurts from singing. It was at the Island that both we were born and we learned how to bring in the senses the tenderness of the flavors that you/they last long for besides the crossing of the sea that took us of our youth's horizons. Singing the Island went to us the best to form to be always in her and to record in the eyes of the memory that for already far away our view doesn't reach. That our poems and music can reach however the time of absence the people that like us one day also undertook such trip and the ones that stayed at the wharf waiting for our return.

Filomena Rocha Portuguese: A Ilha A Ilha este canto de saudade amargo e doce a embargar a voz que de tanto cantar j doi. Foi na Ilha que ambos nascemos e aprendemos a trazer nos sentidos a ternura dos sabores que perduram para alm da travessia do mar que nos levou dos horizontes da nossa juventude. Cantando a Ilha foi para ns a melhor forma de ficar sempre nela e gravar nos olhos da memria o que por j longe a nossa vista no alcanava. Que os nossos poemas e msicas possam alcanar porm o tempo de ausncia as gentes que como ns um dia tambm empreenderam tal viagem e as que permaneceram no cais esperando o nosso regresso.
