The hottest craze in the underground streets of Washington, DC. Get ready for intense, dance-ready Go Go tracks with spit-fire rhymes laid on top of them. 10 MP3 Songs HIP HOP/RAP: Hip Hop, URBAN/R&B: R&B Rap mix Details: Rahab Inc, an urban music production company based outside Washington, DC, announces the release of Eric Campbell's Drums Congas Vol. 1. This Go-Go/Hip Hop CD seeks to extend the boundaries of Go Go music. With hi energy hip hop flows over danceable Go Go tracks, Rahab believes that it has created a CD with the potential to achieve the mainstream success that has thus far eluded most Go Go releases. According to producer/songwriter Eric Campbell, Go Go music is simply incredible but the world doesn't even know what it's missing. Hopefully now, they'll pay attention. Eric Campbell created the tracks for all 10 songs on the CD. This included creating the complex percussions which create the unique Go-Go sounds. Drums are my first instrument. I've played them since I was six years old. I think that's the main reason why I like Go-Go so much In addition to producing, Eric also wrote and performed most of the songs on the CD. Guest appearances are made by Restine Jackson, Nicole Jamison (who sings as part of Restine's background ensemble, Grace), DC-based rap artist Enyaphace, and local Go-Go group God's Blend. Even though it's an all Go Go project, there's still something for everybody on this CD say Eric. Keep On Pressin' (feat. Nicole Jamison and Restine Jackson) is perfect for R&B mainstream radio. We're shipping I'm a Soldier' and Blast Off' to the clubs and mix DJs. We even have a song for Gospel Radio (Tak'm to Church' featuring God's Blend). The CD will be shipped to retailers throughout the DC metropolitan region. It will also be available through internet retailers and Rahab's own website (rahab.com). Eric Campbell says I have high expectations for this project. I think it's something the streets have been waiting for. I'm thankful for the opportunity to give it to

them.
