An eclectic combination of smart lyrics and strong musical hooks - think Sting meets Seal meets Billy Joel meets Todd Rundgren. 13 MP3 Songs POP: Today's Top 40, ROCK: Modern Rock Details:

"Singer/Songwriter Gene Michael Best is a strong lyricist, and take on themes such as love, loss and life altering decisions with equal aplomb. As mainstream pop music skews ever younger, it's refreshing to hear a pop album made by an adult about adult concerns. 'Real' is a very promising debut." - Thomas Bond, Arizona Tribune/Get Out Magazine
