"All Day" the classic love song to our partner about what we say ,think and feel.Buy her this album and a bunch of flowers and win her over for weeks.A good sit down and relax ablum with more to come. 6 MP3 Songs EASY LISTENING: Background Music, POP: Pop/Rock Details: All Day how good is it?Is it really as good as the beatles love me do?You decide.The acoustic version was the first track I got james to do.I loved it immedietely.To this day 5 years on I can still listen to it 20 30 times in a row and not get enough.6 tracks in all on the album.When the smoke clears they may not be called classics but as far as independents go I think they will be."someone to you"the first track on the album is basically saying I want to be someone to you james changes a word or two and even some lines on the lyrics I give him but nevertheless a good track to start the album with.Next track "All day" is the second version of "All day "that we did.I love it and have from the start a very relaxing song,its like it gives you a taste of something good but you dont get to finish it leaving you wanting more,and more is coming."Im chasing you" and "Im catching you" the latter being the slower song and both fantastic."Sugar lips Honey pie" is next not one of my favourites but has some really good listening in amongst it.Last is "All Day" the first song james recorded I personally think its one of the best love songs that has been written in the last 50 years.You decide.All the best from Adam and James.
