Details: Katie Kapteyn: An Introduction The music of Katie Kapteyn deals with truth discovered on desert roads and in honest eyes. Influenced as much by her mothers singing voice and familys strength as the songwriting of Patty Griffin and Cindy Morgan, Katie is a soul whose sharply-penned verses find the meaning in the common. In a world of unceasing noise, in a society where Blackberries buzz and Twitter updates us all of so many things that never really mattered, Katies songs stand out with a quiet determination, as if both the singer and the choruses wont be swayed from turning your eye to the eternal. I see playing shows as a conversation, she says. Im not some a performer that puts on a flashy performance. My desire is to see people drawn into the songs, to find themselves in the story, to be blessed and encouraged in some way.
