New World Age Fusion 9 MP3 Songs NEW AGE: New Age, WORLD: World Fusion Details: RELIVE THAT FIRST DAY OF SUMMER WITH NO SCHOOL! Instrumentals using Accoustical Piano Roland Synths Within this album are the things I love most about childhood. Mine, yours and others' childhoods are pretty similar for the most part. It is the light and shadow play of the tall hedges as you lay underneath them looking for spiders, or the run through the woods without a care in the world for the branch about to strike you in the eye (like Mom warned you). This music is full of the echoes of that former life, before bills, distribution, equipment worries and the insurance salesmen became the daily existence. See yourself running from the imaginary dangers (The Boys' Run), having tea with the girls (The girls' Tea), or sitting on the porch listening to the adults talk (Summer Porch Talk). I hope you like this music. Although there are nine tracks listed on the CD, there are really Ten. The last track is silent. I just like even numbers. About The Ensemble' de Luz'. It is made up of two Roland Keyboards and a Digital Grand. Additional Soft Synths are provided by Cakewalk Rapture, Garritan Personal Orchestra, and Cameleon 5000. All wrapped into 16 track digital mixers. About the Composer: Michelle Ende' was born in Chicago and lives in Lutz, Florida outside the noise of Tampa. She is a professor of International Economics and works for the State of Florida. Her music is almost as old as she is, starting composition and studies at the age of six, she is well versed in music theory, harmony, and orchestration. Her website explains her work in both Electronic and Symphonic, as well as Instrumental. The Website is annuitmusic.com
