COUNTRY: Country Pop, POP: Beatles-pop Details: All the songs on this Jetspeed Records released cd, were written by singer/songwriter Ray, and are mostly pop, country, rock, and adult contemporary, and even a touch of blues. Jetspeed Records, out of Hollywood, re-mastered all the songs from Ray's self released "Just Me" cd, and added 3 new songs that all placed in The Song of The Year Contest, including "I'm Comin' After Your Love", which Ray recorded in Hollywood, at MasterGroove Studios, for Jetspeed Records, in December '05. Ray continues to receive much radio play from these songs worldwide. These songs are melodic with meaningful lyrics. A partial review of this cd is re-printed below, and is from the "Good Times Magazine", in Long Island, New York, where Ray lives, and has entertained in bands, and as a soloist for many years. The review is from the August 1st-15th, 2006 issue: "Overall, the package here reveals an upbeat and earnest approach, as songs such as the opener, "Just A Hug," "Breathtaking," and "It's All Because Of You" mark life's more joyous moments. There's some whimsy on display as well, especially on "I Know (A Little Nothin' About Somethin')." ...this thoughtful, gentle release fits squarely within the singer/songwriter genre with more than a hint of country and dashes of rock, blues, and pop." Most of the songs on this cd will be re-mastered and re-released on Morrhythm Records shortly, with slight changes and will be re-titled "It's All Because Of You". Please also check out Ray's other cds.
