Seductive female vocals, rock beats and hip-hop drums integrate with textural swirls of electric violin, synth, double bass and ebow guitar; ambient songs contrast with exhilarating uptempo arrangements. 12 MP3 Songs ELECTRONIC: Electronica, ROCK: Experimental Rock Details: Redzone were formed in 1997 by creative duo Ami (vocals/violin) and Justin (bass/guitar). High up in their 17th floor tower block studio in London, they forge their music using handcrafted electronic samples created from the band's improvised performances. Seductive female vocals, rock beats and hip-hop drums integrate with textural swirls of electric violin, synth, double bass (courtesy of guest musician Tim) and ebow guitar; ambient songs contrast with exhilarating uptempo arrangements. Their style should appeal to fans of Primal Scream, Bjork, Radiohead, Aphex Twin or Portishead. Ami says we admire bands who go out of their way to do something different. Rather than copy those bands, we're inspired to create something really unique ourselves". People who are interested in Portishead Radiohead Primal Scream should consider this download.
