

## Mp3 Witness2 - All You

[DOWNLOAD HERE](#)

While you may not be familiar with their names, Tommy Donna are making their mark in Contemporary Christian music through their songs written to reflect real-life problems and how God helps them work it out. 12 MP3 Songs GOSPEL: Contemporary Gospel Details: The last couple of years have passed in a whirlwind! From writing songs and recording our first CD to forming a wonderful praise team at our local church. We are busy working out Gods plan for our lives and listening for His next step. Tommy Donna are siblings from a large family. Tommy is the baby and Donna is next to the oldest. We were both saved by our Savior in our teens and belonged to youth group and now as adults attend our local church. We grew up in small town Pennsylvania. Donna had a great childhood growing up with all the siblings; however, when she hit her teens she became very dissatisfied with everything and needed frequent reassurance that she was okay. Our parents were always there to talk when she was ready and helped a lot during this period. Many loving relationships with youth counselors and great friends and family got her through this period. Some of our songs come from this time in Donnas life. One of these highschool friends invited Donna to attend a Billy Graham event. Donna went because her friend invited her. When Billy Graham asked people to come forward it was like all of the things that happened had been leading up to this point. Donna accepted Jesus that night as her Savior. End of story? Not at all, the seed of relationship was planted but the trust was not there yet. From that age until the age of about 25 or so; Donna was still searching. A friend invited her to attend a seminar at Theil College. She went (the friend invited her so she felt she should go); and learned there was more to the Christian life than saying you believe in Jesus-even the demons say that. So Donna came home and mulled this over in her mind a great deal; didnt do much about it until one day on the front porch she was reading a book that she had received during the seminar at Theil. Shed had enough of this uncertainty and knowing there had to be

more to the Christian life and she asked Jesus to show her that He was real and if so, she wanted a complete relationship with him. Part of that complete relationship and trust is serving. Donna is serving in her local church as a youth advisor, member of the praise team and adult Sunday school teacher. Jesus showed her that day and is still showing her how real and wonderful a relationship with Him is. The journey is just beginning!
