

Power In Global Governance

[DOWNLOAD HERE](#)

This edited volume gathers together international scholars to reconsider the conceptualization of power in world politics. This edited volume examines power in its different dimensions in global governance.

Scholars tend to underestimate the importance of power in international relations because of a failure to see its multiple forms. To expand the conceptual aperture, this book presents and employs a taxonomy that alerts scholars to the different kinds of power that are present in world politics. A team of international scholars demonstrate how these different forms connect and intersect in global governance in a range of different issue areas. Bringing together a variety of theoretical perspectives, this volume invites scholars to reconsider their conceptualization of power in world politics and how such a move can enliven and enrich their understanding of global governance. EAN/ISBN : 9780511108884 Publisher(s): Cambridge University Press Format: ePub/PDF Author(s): Barnett, Michael - Duvall, Raymond
