Unique blend of street poetry, urban folk and soul. The Sundays meet Gillian Welch. 9 MP3 Songs POP: Folky Pop, FOLK: like Ani Details: Amanda Garrigues' sophomore effort is a much-anticipated release throughout the Southeast. "Groundswell", released on Average Sinner Records, exposes a new brand of songwriting--one that is stronger, riskier and more focused. Garrigues teams up again with heavy hitters of My Friend Steve Fame: David McMahon, Eric Steinberg and newbie Eric Gardner. In this sophomore release you'll find this self-proclaimed "word-girl" mixing her college influences (Sundays, Cocteau Twins) with traditional hymns she heard as child. Songs like "By My Scars" and "Blackfisted" and "I Cannot Be Brave" will move you without being overly sentimental. Overall, you'll find that the music on "Groundswell" gives you tension with the right amount of release. This album is excellent - more because of what it avoids than what it does.
