"There is a dignity about her lyrics and a non-posturing sophistication to her arrangements that is perfectly married to the gentle groove beneath her songs." - gogirlsmusic.com 10 MP3 Songs POP: Folkly Pop, ROCK: Modern Rock Details: "Christine Moll knows how to balance a traveling pop sound and well thought-out instrumentals, without teetering over the "pretentious" or "angry woman" cliff. Her abilities as a singer/songwriter are masterfully showcased by her brother and producer, Mark Moll. Fans of Natalie Merchant will appreciate Christine's lilting, relaxed vocals, and Cranberries fans will appreciate her ability to occasionally crack her vocal break for emphasis. However, Christine Moll's songwriting is far more impressive than either one of those artists. The fearless use of just wide open, soaring backing vocals is one of my favorite aspects of this album." - gogirlsmusic.com
