Related styles: ELECTRONIC: Breakbeat/Breaks, ELECTRONIC: House People who are interested in The Chemical Brothers Underworld Prodigy should consider this download. Details:

Decibelle (aka Sharon Sullivan) is a classically trained musician who got into the rave scene in the early 90s and started DJ-ing soon after. With over ten years experience of playing everything from drum n bass to hard-house, breaks to house, and a little hip-hop along the way she is now focussed on creating and playing high energy breaks and house. Following the success of Streetwise releases created with partner in crime Zero she is currently engaged in a range of projects from underground breaks to commercial house, collaborating with a range of live performers. Debut album 'Play it Loud' is a seamlessly mixed album of original breaks and house tunes featuring guest performers Dom the Hat on Saxophone, Keri Kel on vocals, Mc Natta mc-ing conscious rhymes and Sharon Sullivan on violin. Expect an eclectic mix of dance music styles with slick production, musical interest and heart and soul and you won't be disappointed.
