A profoundly soul-reinforcing space music journey through the universe and into the realms beyond. 4 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Ambient Details: Immersion Theory's maiden voyage, The Icarus Foray, is a transcendent auditory journey through the universe and into the heavens. With roots firmly entrenched in the Space Music genre, Immersion Theory draw from a deep well of soul-nourishing refreshment and create an opportunity for profound introspection and personal discovery. To that end, the project embraces orchestral motifs unwound into ambient soundscapes, deep meditative electronic swells, and subtle storytelling components, engaging both close and ambient listening in equal parts. Blending experience in music, film making and the visual arts, Immersion Theory enlist a number of different creative facets with an eye towards creating unified works of music, storytelling and sound pictures. With Robert Rich's deft manipulation of the final masters, The Icarus Foray explores the byways of ambient space music towards a simple and intuitive conclusion: that science and spirituality are intertwined in the search for the divine. People who are interested in Steve Roach Jonn Serrie Liquid Mind should consider this download.
