

## Mp3 Jackalope - Hula Dog

[DOWNLOAD HERE](#)

Melodic, 60's influenced pop with Beatlesque arrangements and a bit of folk rock on the side. 13 MP3 Songs POP: Beatles-pop, FOLK: Folk-Rock Details: To paraphrase Shakespeare, (and who doesnt from time-to-time?) Let slip the dogs of fun! Or in this case the "Hula Dog" of fun. The second offering from Jackalope features 13 more irresistibly entertaining songs from Americas most shamelessly gregarious band. Once again Scott Freiheit (Bass, Keyboards Vocals) blends his Beatlesque Pop with Jeff Viars (Guitar Vocals) acoustic folk influence (aided and abetted by Chris Woodcocks inimitable saxophone stylings) to create a sound that is uniquely Jackalopian. "Hula Dog" speaks to the important issues of our time like road trips to Las Vegas, dashboard ornamentation and insomnia but it never forgets to entertain along the way. If you loved their debut album "Where the Jackalope Roam"why didnt you buy it? And if you somehow missed it heres your chance to make up for your folly and buy some fresh Jackalope hot out of the computer. (Or at least go to one of our gift shops and buy a hat or something. Come on, what do we have to do, beg for your money?) Honestly, "Hula Dog" is a really cool album. Just play some of the samples if you dont believe us. People who are interested in James Taylor The Beatles The Turtles should consider this download.
